**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Under the rules of free market, competition drives better tools and services, and the country has suffered greatly as tech monopolies have increasingly diminished the public's access to smaller, more personalized internet service providers, such as Sonic. My parents live in rural Wisconsin and, without niche providers in their area, they would have no internet access at all.

Deregulation will ramp up the already-destructive pace of the largest companies interests, and I beg you to reconsider deregulating and to continue support for smaller providers.

Thank you.
